FIRE PROOF ROOFS. WARREN'S FIREAND WATER PROOF and the Canadas a reputation second to none. They have been much longer in use in the Middle and Western States, and testimonials from various parts of the Union, admit their superiority over all other roofs. They have been used upon Dwelling Houses of the first class, Ware Houses, Railroad Depots, and Manufactures, and have

been pronounced by Architects, Builders and others who have a knowledge of it, ir merits, to be of greater durability, and to be possessed of fire and water resisting properties, to an extent beyond that of any Roof now in use. These Roofs require an incanation of only one inch to the foot. They can be used for a promenade, and for drying purposes; and are made available in case of fire to adjoining buildings. The materials of which these Roofs are composed, are not affected by changes of temperature.

The cost is less than that of any other Fire Proof floof now in

use, and even that of a shingled Roof. These Roofs are not alongside the wharf or vessel in Honolulu, very superior Puuloa | affected by the jar of machinery; and in case of injury, no Roof is so easily and quickly repaired. The Corporation of the City of Montreal, Canada, have by a special By-Law, made an exception in favor of Warren Roofs, to the Law prohibiting the erection of buildings in the City. And numerous other testimonials from Builders, Insurance Officers, Railroad Corporations and others, which attest the superiority of this Roofing over all others for cheapness, efficiency, and durability combined, may be seen at the Counting Room of C. BREWER 2d. For sale by
